This is an opportunity for an experienced diversity leader to join an institution that has been on an impressive trajectory. The VP/CDO will be a strategic leader, thought partner and implementer who will connect the dots between diversity and inclusion efforts across the university. Early in their tenure, the VP/CDO will develop a comprehensive university-wide strategic diversity and inclusion plan; develop training programs for faculty, staff and students; review and assess the impact and effectiveness of diversity and inclusion programs; and serve as a leader on the campuses, in the media, and throughout the State of Connecticut.

The ideal candidate will have a documented history of successfully developing and advancing diversity and inclusion programs in a matrixed organization coupled with in-depth knowledge of theory and practice. Additional qualifications include experience advancing diversity, equity and inclusion through successful strategies and initiatives and the use of data and research to inform strategic analysis, assessment and measurement of effective diversity and inclusion programs. UConn seeks candidates whose personal and professional experiences reflect a commitment to and knowledge of the higher education landscape. A terminal degree is preferred, but not required.

For full consideration, applicant materials should be received by March 6, 2020.
