Job Description	

Director, Advancement Information Technology
Auburn University Advancement seeks candidates for a Director, Advancement Information Technology position, responsible for setting strategy and maintaining the operations of the Advancement Information Technology (IT) department.

This position collaborates with leadership to initiate, develop, and apply IT strategy aligned with Advancement priorities. With a service-minded approach, this position ensures technology supports business requirements and maintains organization-defined service level agreements. The Director ensures data integrity and security throughout the data lifecycle as well as provides leadership for the functions of infrastructure services, help desk, enterprise application development, business intelligence, data governance and project management. This position is also responsible for thoughtfully considering the stakeholders, mission, and goals of Auburn University Advancement in decision-making processes.
