Job Description	

Job Summary

Provide the ODU Campus Community with a beautiful, vibrant, safe, and clean campus with oversight and particular emphasis on campus turf, plants, flowers, trash, and all other exterior elements that contribute to the overall campus aesthetic. As part of the Facilities Management Leadership Team, this position will lead teams that perform Grounds and Landscape maintenance and improvements at Old Dominion University, including main campus and all satellite properties and campuses. The position will provide analysis and strategic direction in identifying and implementing new and revised processes and procedures to achieve department and University goals. Manage all administrative functions of assigned unit. Ensures all supplies and materials are on hand for the Grounds and Landscape unit on a daily basis. Work closely with vendors and service providers. Provide horticultural expertise in the planning of future landscapes and make recommendations for improvements to current landscapes. Position is designated "essential personnel" for emergency closings. They must also be able to
