Posted Jan. 10, 2025, set to expire Dec. 31, 2025

The Associate Director, Strategic Research Development will work under limited supervision and be responsible for day-to-day operations and management of functions in areas including internal programs, project management, data analysis and research, Research Development tools and systems, and research-related events.

Responsibilities include:

- Manages internal funding programs sponsored by the OVPR, including the Springboard Research & Scholarship and MUSE Arts, Humanities, and Humanistic Social Sciences internal funding programs
- Provides project management and liaises with the OVPR Operations Team to support research-related events
- Oversees the Tufts limited submissions program and provides project management and related support for OVPR-sponsored Research Interest Groups
- Supports and manages research development-related systems and tools (e.g., Academic Analytics, InfoReady, survey software), including development of strategies to maximize their utility and partners with other teams to implement these strategies
- Partners closely with OVPR teams and other research support units to provide data analysis on research funding trends, internal Strategic Research Development accomplishments, and outcomes of OVPR programs and activities, and presents results to a range of stakeholders
- Leads special projects of moderate scope, including goal setting, outcomes tracking, impact analysis, and communication of results, to increase the range and effectiveness of research strategy
- Works with faculty on specific grant proposals in line with the expertise and skills of the person filling it
- Supervises at least one staff member

### What We're Looking For

#### Basic Requirements:

- Knowledge and skills typically acquired through completion of a Master's degree OR Bachelors degree and 5+ years of experience working in research development, grantsmanship, editing and writing
- Strong project management and facilitation skills
- Ability to conduct research on federal funding trends and other related topics and provide data analysis
- Strong writing and communication skills
- Excellent organizational and time management skills
- Experienced with electronic systems and enterprise research development systems; knowledgeable in MS Office (Word, Excel, PowerPoint) and internet

#### Preferred Qualifications:

- Supervisory experience preferred

### Pay Range
