**Job Description**

**Job Summary**

Are you ready to shape the technological backbone of groundbreaking research? Auburn University's Office of Information Technology is seeking a visionary and dynamic HPC Manager to lead our High-Performance Computing team into its next era of innovation. This is more than a management role—it's an opportunity to empower world-class researchers tackling some of the planet's most complex and urgent challenges.

As the HPC Manager, you'll collaborate with brilliant minds across disciplines, support transformative academic initiatives, and ensure our HPC environment remains robust, scalable, and future-ready. If you're passionate about technology, leadership, and making a global impact through research, we want to hear from you.

**Essential Functions**

## Manager, High Performance Computing Auburn University

- Manages both complex and routine projects. Frequently interfaces with constituents, including management and/or internal teams to ensure quality, timeliness, and testing of all work
- Manages, coordinates and evaluates human resources in support of HPC group objectives and OIT's mission
- Participates in the coordination, implementation, and support of Auburn's research mission and technology vision
- Manages HPC strategy while maintaining knowledge of the current technologies and research IT infrastructure
- Maintains a thorough understanding of group service offerings and billing while working directly with customers and OIT accounting staff
- Maintains internal and external customer relationships in support of the group's service catalog
- Coordinates group projects and serves as a liaison with OIT project management

### Why Work at Auburn?

- **Life-Changing Impact:** Our work changes lives through research, instruction, and outreach, making a lasting impact on our students, our communities, and the world.
- **Culture of Excellence:** We are committed to leveraging our strengths, resources, collaboration, and innovation as a top employer in higher education.
- **We're Here for You:** Auburn offers generous benefits, educational opportunities, and a culture of support and work/life balance.
- **Sweet Home Alabama:** The Auburn/Opelika area offers southern charm, vibrant downtown scenes, top-ranked schools, and easy access to Atlanta, Birmingham, and the Gulf of Mexico beaches.
- **A Place for Everyone:** Auburn is committed to fostering an environment where all faculty, staff, and students are welcomed, valued, respected, and engaged.

Ready to lead and shape the future of higher education? Apply today! War Eagle!

### Minimum Qualifications

Entry into the applicant pool requires a Bachelor's degree in Business Administration, Management, Computer Engineering, Computer Science, Information Systems, or related field, plus five (5) years of experience.
