Job Description

Job Summary

The Senior Assistant Registrar manages development and creation of the academic schedule each semester and for summer sessions, assignment of classrooms, and academic special events for the University. This position is a key leadership position for the Office of the University Registrar and for the campus overall. This role provides systems training and support for faculty and staff, manages input of data to related systems, Banner and EMS scheduling software, and efficient use of academic classroom space for SCHEV reporting. Additionally, the position consults with administrative units, academic colleges, associate deans and department chairs on related responsible areas to ensure appropriate use of classroom facilities, delivery of services and adherence to university policies and procedures.

This position supervises the academic scheduling area within the Registrar's Office to include the
