Job Description

Job Summary

This position provides oversight in the management of the Center for Natural Resource Management on Military Lands (CNRMML) in the College of Forestry, Wildlife and Environment. The center provides environmental services to military installations, creates and maintains partnerships between Auburn and the U.S. Department of Defense, and fills critical knowledge gaps encountered by environmental managers.

Essential Functions

- Assists in overseeing the daily business operations of the CNRMML. This includes developing and implementing a strategic plan, identifying the Center's resource requirements necessary to execute service, applied, and research projects on military lands. This may include collecting, managing, and analyzing data; preparing reports and other project deliverables consistent with
