Essential Job Functions

- 5-7 years of progressive experience in small business consulting, economic development, entrepreneurship, or related field
- At least 3 years of management or supervisory experience leading teams and programs
- Demonstrated expertise in business planning, financial analysis, marketing strategy, and operations management
- Proven track record of successfully managing grants and multi-source budgets
- Experience working with diverse small business populations including startups, microenterprises, and established businesses
- Strong knowledge of SBA programs, small business regulations, and economic development principles
- Experience in program development, training facilitation, and workshop delivery
- Excellent written and verbal communication skills with ability to communicate complex business concepts to varied audiences
- Proficiency with business planning software, financial modeling tools, and client management systems
- Demonstrated ability to build collaborative partnerships with external stakeholders
- Strong analytical skills with experience in outcomes measurement and performance reporting
- Entrepreneurial mindset with ability to identify opportunities and drive innovation
- Commitment to supporting underserved communities and promoting inclusive economic development
- Valid driver's license and ability to travel within the service region
- Experience in higher education or university-based economic development programs preferred

Qualifications

Master's degree in Business Administration, Economic Development, Entrepreneurship, Public Administration, or related field required

MBA strongly preferred

Doctoral degree is a plus
