### Apply By Email

### Job Description

Leads and manages the University's laboratory and research safety programs including consulting with faculty, staff, and administration on the safe handling and management of biological and chemical agents in a growing research and teaching environment. Provides input to research safety committees on compliance issues; institutes monitoring, corrective, and preventative action programs to evaluate conformance with federal, state, local and/or University requirements, policies, and procedures. Manages and coordinates the day-to day laboratory safety functions, and supervises safety and health specialists and technicians.

### About Auburn:

At Auburn, our work changes lives. Ranked by U.S. News and World Report as a premier public institution, Auburn University is dedicated to shaping the future of the people of Alabama, the nation, and the world through forward-thinking education, life-enhancing research, scholarship and selfless service. Auburn is nationally recognized for its commitment to academic excellence, community outreach, positive work environment, student engagement, and thriving community.
